## ENVIRONMENTAL POLICY

All resources utilised in industry and elsewhere originate within the natural environment and therefore is the responsibility of each group of individuals to ensure that conservation becomes a generally implemented practice.

The policy of IIPS has the greatest respect for the importance of the conservation of our Natural Environment, and the wellbeing of the community and that of our employees. We shall therefore not partake in any activities that will be detrimental to our natural environment, the wellbeing of the community and that of our employees.

In cases where the work scopes require such activities, we shall take precautions available to prevent a negative impact on the natural environment, the community and our employees.

In the vent of our activities influence the environment negatively, we will do anything practicably possible to rehabilitate that environment that was affected by such activities.

This shall be done by:

- ✓ Smoking in designated areas only
- ✓ Disposing of waste in bins supplied by client and ourselves
- ✓ Falling in line with the clients' waste management program

In the event of exposure to hazardous conditions, the necessary precautions will be taken to ensure that the health of our employees and that of the community is not compromised under any circumstances i.e.

- noise pollution
- gas omissions
- exposure to hazardous waste
- flammable substances

All resources utilised in industry and elsewhere originate with the natural environment and therefore is the responsibility of each group of individuals to ensure that conservation becomes a generally implemented practice, to ensure these resources remain available to our future generations.
